

GET FIT AND FUND CHILDHOOD CANCER RESEARCH WITH MOMCOLOGY!

Here's how it works:

Sign up at GreatCycleChallenge.com to start a team with Momcology friends or on your own.

Ask family and friends for their support as you take charge of your health and fund research in your local community.

Set yourself a riding goal, cycle or ride a spin/stationary bike and log your miles through June.

A total of 10% of net proceeds from Great Cycle Challenge USA will go to clinical trials at Children's Oncology Group hospitals chosen by Momcology families.

The top 5 Momcology fundraising teams will receive \$10,000 grants from Children's Cancer Research Fund to place at the COG hospital of their choice.

The Momcology community will choose which COG hospitals receive the remaining grants through nomination and voting.
